DOCUMENT RESUME

ED 161 751 SE 025 231

AUTHOR	Babco, Eleanor
TITLE	Science and Engineering Careers: A Bibliography.
INSTITUTION	Scientific Manpower Commission, Washington, D.C.
PUB DATE	Apr 74
NOTE	53p.; Not available in hard copy due to marginal reproducibility of print
AVAILABLE FROM	Scientific Manpower Commission, 1776 Massachusetts Ave., N.W., Washington, D.C. 20036 ($2.00 ea.; 25 or more copies $1.00 ea.)
EDRS PRICE	MF-$0.83 Plus Postage. HC Not Available from EDRS.
DESCRIPTORS	*Bibliographies; Booklists; *Career Opportunities; *Engineering Education; Guidance; Mathematics Education; *Occupational Guidance; *Science Careers; Secondary School Students; Technology
IDENTIFIERS	American Association for Advancement of Science; Scientific Manpower Commission

ABSTRACT

This bibliography provides science and engineering career information for secondary students, their parents, and guidance counselors. The usual bibliographic information is given for each citation, along with the cost, if any. Sources of information on financial aid are also listed. (MA)

SCIENCE AND ENGINEERING CAREERS

A BIBLIOGRAPHY

This bibliography of guidance literature, published by various organizations interested in scientific and engineering education, is designed to assist young people, their parents and their guidance counselors to obtain accurate information about careers in science and engineering. Listed at the end are sources of information on financial aid.

If no price is given, single copies may be obtained free of charge. Bulk prices are available on most items. WRITE DIRECTLY TO THE SOURCE LISTED IN RED BELOW TITLES.

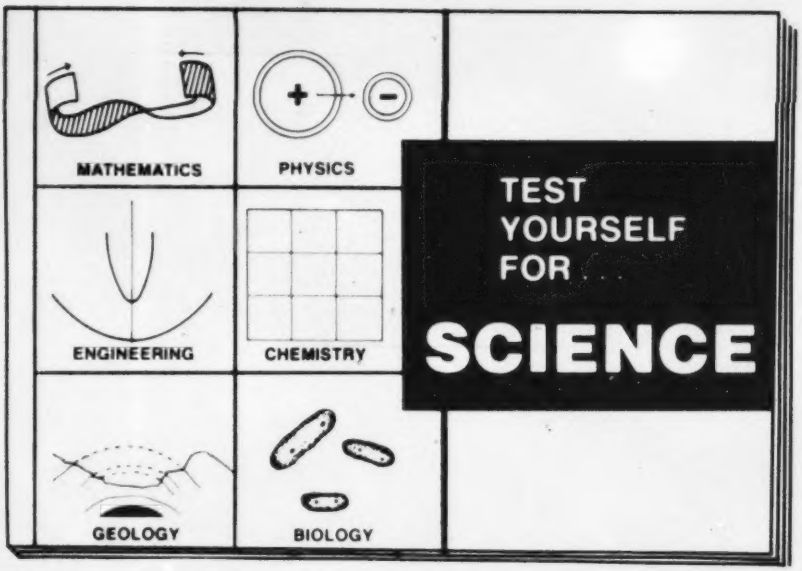
The Scientific Manpower Commission, a Participating Organization of the American Association for the Advancement of Science, is a private, nonprofit corporation organized by its constituent scientific societies in 1953 to serve as a focus for consideration of manpower concerns common to all scientific disciplines. Its charter reflects broad interest in the recruitment, training and utilization of scientific personnel.

MEMBER SOCIETIES

American Association for the Advancement of Science
American Astronomical Society
American Chemical Society
American Geological Institute
American Institute of Biological Sciences
American Institute of Chemists
American Institute of Physics
American Psychological Association
Conference Board of the Mathematical Sciences
Federation of American Societies for Experimental Biology
Policy Committee for Scientific Agricultural Societies



A novel career booklet to "test" a student's interests in various fields of science—chemistry, biology, mathematics, geology, physics—and engineering.

This programmed booklet guides the student as he searches for science career interests. Sources of additional information are included.

Developed by scientists and educators through the Scientific Manpower Commission.

Price: Single copies, $1.00; 25 or more copies, 50¢ each.
